Color and model availability may vary depending on country, region, or carrier. Galaxy A55 5G and Galaxy A35 5G are rated as IPX4/IP67 under IEC standard 60529. Based on lab test conditions, the device is sprayed by 10 liters of fresh water per minute for 5 minutes at all angles (IPx4) and submersion in up to 1 meter of fresh water for up to 30 minutes (IP67). Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time.
